

Chittagong Stock Exchange floats International Tender Notice for Procurement of web based Next Generation Trading System

Chittagong Stock Exchange Ltd. (CSE) is one of the two bourses in Bangladesh. CSE is the first bourse to introduce online screen based automated trading system and internet trading services in Bangladesh. CSE has nation wide data communication network over WAN backbone and remote access facility for stock brokers from major cities in Bangladesh. CSE was incorporated on 12th February, 1995. The automated trading system of CSE started on 2nd June, 1998. CSE is the pioneer in forming of South Asian Federation of Exchanges (SAFE) and was the founder president of it.

CSE has been playing pioneering role for the development of capital market in Bangladesh. The depth of the capital market in Bangladesh is expanding. At present many international financial institutions, commercial banks and insurance companies are actively participating in our trading through their stock brokerage wing. To meet the current increase in demand and future needs, we have decided to go for the procurement of a Next Generation online Trading System to accommodate new products and functionalities.

We would like to inform you that we have recently published an International Tender Notice in the National Dailies in this regard. The International Tender Notice and Terms and Conditions for bidding are available in CSE web site: http://www.cse.com.bd/inter_tender.html .

Chittagong Stock Exchange invites the competent trading software solution providers to bid in the process. Dateline for submission of bid documents is 26th April, 2010. If you are interested, please feel free to make your queries, if any, directly to Dr. Mohammed Abdullah Mamun, Chief Executive Officer, Chittagong Stock Exchange Ltd., E-mail: mamun@csebd.com .
